Put Your Eyes at Ease with VSP LightCare

Why UV and Blue Light Coverage?

Even if you don't wear prescription glasses, an annual eye exam is an easy and cost-effective way to take care of your eyes and overall health.

With VSP LightCare™, you can use your frame and lens benefit to get non-prescription eyewear from your VSP® network doctor.

DEFEND YOUR EYES INDOORS AND OUT:

Wear blue light filtering glasses indoors to help defend against digital eye strain. Excessive blue light exposure from digital screens and fluorescent lighting may contribute to dry eyes, blurred vision, tired eyes, sore eyes, headaches, and watery eyes—all possible symptoms of digital eye strain.

Always wear sunglasses outdoors. Shield your eyes from the sun's ultraviolet rays that can damage your corneas and cause eye-related diseases like cataracts. 100% UVA and UVB protection is the best choice for your sunglasses.[1]

PROVIDER CHOICES YOU WANT

With thousands of private practice doctors and more than 700 Visionworks® retail locations nationwide, getting the most out of your benefits is easy at a VSP Premier Edge™ location.

vsp PREMIER edge

Preferred private practice and retail in–network choices

private practice doctors **Visionworks**
